

FLOODED BASEMENT?

If your basement has flooded, follow the below steps and collect the following information to submit to Trillium.

STEP
01

Make every effort to get the standing water out.

Take lots of photos!

STEP
02

Prepare lists of the damaged property.

STEP
03

If the odor becomes unbearable, remove saturated property to the garage or outdoors.

STEP
04

Fans or dehumidifiers can be useful, however - DO NOT add heat.
