

TRILLIUM MUTUAL INSURANCE TALKS: 2020 A YEAR IN REVIEW

WITH GUEST SPEAKER: ANDREW CAMPBELL
MARCH 30, 2021 @ 10:30 - 11:30 AM
REGISTRATION INFORMATION BELOW

Working Hard To Keep You Protected

Trillium Mutual has made many changes over the last year to help you manage and navigate these uncertain times. Being a mutual company we are focused on people, not profits and every step we take is to provide you with best in class protection.

We pride ourselves in having staff that are knowledgeable about Agriculture and who live it every day. Even though many are not physically in our office, our entire team remains fully available to continue supporting you in any way we can.

In 2020, our team paid out \$41.5M in claims to our members, along with taking some additional steps to relieve some of the stress of the current environment.

- Implemented virtual claims submissions
- Claims settlements can be processed electronically
- Signature Donations to Mental Health Initiatives
- Risk assessments submitted virtually
- PPE Worn To All Risk & Claims Visits
- Pre-Inspection Survey for All Risk & Claims Visits
- Payments Available Over the Phone and Online

To Our Members,

"The past year has been one of significant change for many. As we continue to adapt to a new reality, Trillium believes that we can and will continue to support our communities. Even though we are living with much uncertainty what has not changed is Trillium's commitment to you, our members. We are fully accountable to you in everything we do and will continue to put our member's needs first above all else.

Thank you for trusting us to keep you protected for over 135 years and we hope you will be able to join us on March 30th. Best regards."

Tracy MacDonald, President & CEO | Ben Rier, Chair of the Board

AGM: 2020 A YEAR IN REVIEW
with Guest Speaker: Andrew Campbell

March 30th, 2021
10:30-11:30am

Please join us at our 2021 Virtual AGM! This year we will be giving away a HayTech System from PrevTech Innovations. The unit monitors the temperature of your hay and alerts you to a rise in temperatures that could lead to a fire! We look forward to hosting you as we take a look back on 2020.

GIVEAWAY!!

REGISTRATION OPENS MARCH 8TH, 2021

OUR COMMITMENT TO OUR COMMUNITY

MENTAL HEALTH MATTERS

A \$50,000 donation was made to support the roll out of the "In The Know" mental health literacy program. Developed through the Ontario Veterinary College, and provided by the CMHA, the program focuses on directly improving mental health literacy and help-seeking in rural communities.

A \$50,000 donation was provided to 4-H Ontario to support the expansion of their "Taking Our Mental Health to Heart" Program. This program equips youth with the skills and knowledge to adapt to mental health challenges. The program will benefit the over 6,000 youth participating across the province.

Through Trillium Mutual's ROOTS Community Fund \$10,000 has been donated to support the development of the "First Episode Mood & Anxiety Program (FEMAP)". This unique program has helped thousands of young adults recognize and handle mental health struggles.

Through the Farm Mutual Re Mutual Support Initiative Trillium has donated \$10,000 to expand Gateway's "Farmer's Mental Health & Resiliency Project". The projects goal is to increase awareness of available services and provide support that will directly impact Huron-Perth & Grey-Bruce counties and their over 12,500 farmers.

We are very proud to provide WES for Youth with a \$5,000 donation to support their free online counselling service to youth in need. Their online services allow youth to connect with a counsellor to discuss and explore issues they are facing in a safe environment. Their online counselling service is available anytime, anywhere and does not require a doctor's referral.

TRILLIUM MUTUAL'S PREVTECH PROGRAM

YOUR ALLY IN FIRE PREVENTION

FIRES are one of the leading causes of barn fires causing millions of dollars in damages across Ontario every year! Trillium Mutual has partnered with PrevTech to help keep you, your family and operation safe and protected!

PrevTech utilizes smart sensors within their units to detect electrical faults and temperature changes. These sensors work constantly to detect any anomalies that could lead to a potentially devastating fire. Once an issue is detected you, the farmer, and your electrician are immediately notified (through SMS or Email) in order to quickly identify and fix the problem.

Program Overview

- We provide the hardware to interested Farm Members **FREE OF COST** (retail cost \$1675 plus H.S.T.)
- **BONUS:** Trillium Mutual will freeze your base insurance rate on the protected structure (including any produce, livestock and fixed equipment therein)

As a Member, you would be responsible for the installation costs and the annual monitoring fees.

PrevTech Units Provide Protection Against:

- Defective Fans
- Fault Ballast
- Overheating Electrical Panels
- Power Outages
- Junction Box Moisture
- Damaged Motors & Pumps
- Much More!!
