"We would like to express our heartfelt gratitude for the incredibly generous donation from the ROOTS Community Fund. Their commitment to empowering communities has left us inspired and deeply grateful.

With these funds, we will be able to expand our initiative (**Be Well Work Well**), [across] local communities. ROOTS Community Fund's support will directly contribute to our efforts in the Mental Health First Aid project. Through our collaborative efforts, we will create a lasting positive change, foster community development, and uplift individuals by **providing awareness and education around mental health supports**. The impact of this grant will be felt far beyond the boundaries of our organization, reaching deep into the fabric of our community."

"OSHARE is extremely grateful to receive a generous grant from Trillium Mutual ROOTS Community Fund. The funding will be used as part of our capital project to **build a location for Grey Bruce Food Share**; a hub where Food Rescue/food donations from local grocery stores, businesses, farmers and producers are taken, sorted, and shared with local nonprofits and charities across Grey Bruce.

In 2022, over 200,000 lbs of food was diverted from the landfill and used to help feed individuals and families. Your gift will help us grow to meet the need! We are so excited to have Trillium Mutual as one of our partners in this exciting project."
